

# My Goals

## 1. Why do I want to learn this skill?

What does it mean to you? What are your motivations? Will you prove something to yourself or people around you? Will you get a raise because you're better at your job or will you get a better job?

***This is an opportunity for a career change. This will be proof that I can follow through on things that I start. Not only will it be a pay raise but it will be an entire new living for me and my family.***

## 2. What will I achieve if I learn this skill?

Which doors will this skill open for you? Will you be able to earn more, have more flexibility in your work hours, work remotely and travel more?

***Learning this skill will allow me to get a true direction with a skill that means more than just "I work with my hands for a living." The idea is that when this is all said and done I will be working full-time hours at a job steadily as a Web Developer(Jr.) and working on side work to hone skills and become a freelance Developer.***

## 3. How will this skill change my life and my career?

Would you get a raise at your current job or more respect from your boss once you've learnt this skill? Or will you be at Facebook, Amazon or Google instead? How would your life change? ***The skills that I am looking to obtain are only the beginning and more about gaining self respect and respect from my family being able to direct myself and follow through.***

#### **4. How will learning this skill impact the lives of my family, friends and coworkers?**

What will you be able to do for your family or friends once you've learnt this skill? How will it change the way they think of you? Will your coworkers respect you more? ***FUTURE SECURITY FOR MY FAMILY. The impact is everything!***

#### **5. How will I feel if I never accomplish this?**

Would you feel disappointed? Would you feel like you've missed out? ***As this isn't the first time that I have started something new, I would be discouraged. While being discouraged I would feel that everything that I've gotten excited about which was at my fingertips has slipped away.***

**6. What would my life look like if I managed to accomplish this?** Visualise it. What would life look like from the moment you wake up to the time you go to sleep? Will you be living by the sea? Would you kiss your beautiful wife/husband when you wake up? ***The American Dream, this would be my white picket fence, life assurance and the moment that I can finally feel like I have arrived in the world.***
